

Citing iPathwayGuide

Using Advaita Bio's products or content for any form of publication (e.g. print, electronically) requires researchers to cite them. Please use one of the options below for citations:

- “The Data (significantly impacted pathways, biological processes, molecular interactions, miRNAs, SNPs, etc.) were analyzed using Advaita Bio's iPathwayGuide (<http://www.advaitabio.com/ipathwayguide>)”.
- “This software analysis tool implements the ‘*Impact Analysis*’¹ approach that takes into consideration the direction and type of all signals on a pathway, the position, role and type of every gene, etc., as described in (Draghici, 2007, Donato, 2013).”
